

Grace Fellowship Recreation and Sports Teams Purpose and Policies

Purpose

The purpose for involvement in general or formal recreation and league sports by Grace Fellowship is to live in and enjoy a growing relationship with each other and Christ.

Formation

All teams or events must be open and advertised to all who are eligible. All coaches and/or organizers must meet with the senior pastor of Grace Fellowship prior to practice, league play, and/or organization of special events.

Eligibility

All participants must be members or regular attenders of Grace Fellowship. The exception to this rule is that members and attenders of other churches may participate on teams from Grace Fellowship if the church they are a member or attender of does not have a team in the league. Participants may not be members or attenders of a church that does have a team in the league.

Conduct

When appeal and questioning turns to argument and disrespect toward game officials, other players, or on lookers, the individual(s) will be automatically removed from game or activity. If conduct is a repeated problem the team will be reevaluated by the pastor's council and/or ministerial staff to determine options including possibly removing persons or terminating the team (no monies will ever be refunded to individuals or teams which are terminated). Blatant unsportsmanlike conduct will be cause for automatic removal from game or event (repeated behavior will be cause for removal from team).
